Varianta otevírání / Opening option: **I.** → ven / out

UPOZORNĚNÍ

Prvním krokem je rozměření prostoru montáže, zohlednění nerovností stávajících konstrukcí, prověření materiálu nosných stěn, do kterých bude konstrukce kotvena, popřípadě materiálu obkladu stěn a zvolení tomu odpovídajícího náčiní. Nutno prověřit místa rozvodu médií v navazujících konstrukcích – voda, elektroinstalace a podobně. Pokud je v místnosti podlahové vytápění, rektifikační nohy k podkladu přilepíme vhodným lepidlem.

WARNING

The first step is to measure the installation area, take into account the imperfections of the existing structures, check the material of the supporting walls into which the framework will be anchored, or the material of the wall tiling, and choose the appropriate tools. It is necessary to check the locations of the supply of mediums in the surrounding structures - water, wiring, etc. If there is underfloor heating in the room, glue the rectification legs to the floor with a suitable adhesive.

CS – Před instalací je nezbytné důkladně se seznámit s příloženými Bezpečnostními pokyny.

EN – Before installation, it is essential to thoroughly familiarize yourself with the attached Safety Instructions.

SK – Pred inštaláciou je nevyhnutné dôkladne sa oboznámiť s príloženými Bezpečnostnými pokynmi.

RU – Перед установкой необходимо внимательно ознакомиться с приложенными инструкциями по безопасности.

DE – Vor der Installation ist es erforderlich, sich gründlich mit den beigefügten Sicherheitsanweisungen vertraut zu machen.

PL – Przed instalacją konieczne jest dokładnie zapoznanie się z dołączonymi instrukcjami bezpieczeństwa.

RO – Înainte de instalare, este necesar să vă familiarizați temeinic cu instrucțiunile de siguranță atașate.

ES – Antes de la instalación, es esencial familiarizarse a fondo con las instrucciones de seguridad adjuntas.

FR – Avant l'installation, il est indispensable de bien prendre connaissance des instructions de sécurité jointes.

NL – Voor de installatie is het noodzakelijk om de bijgevoegde veiligheidsinstructies zorgvuldig door te lezen.

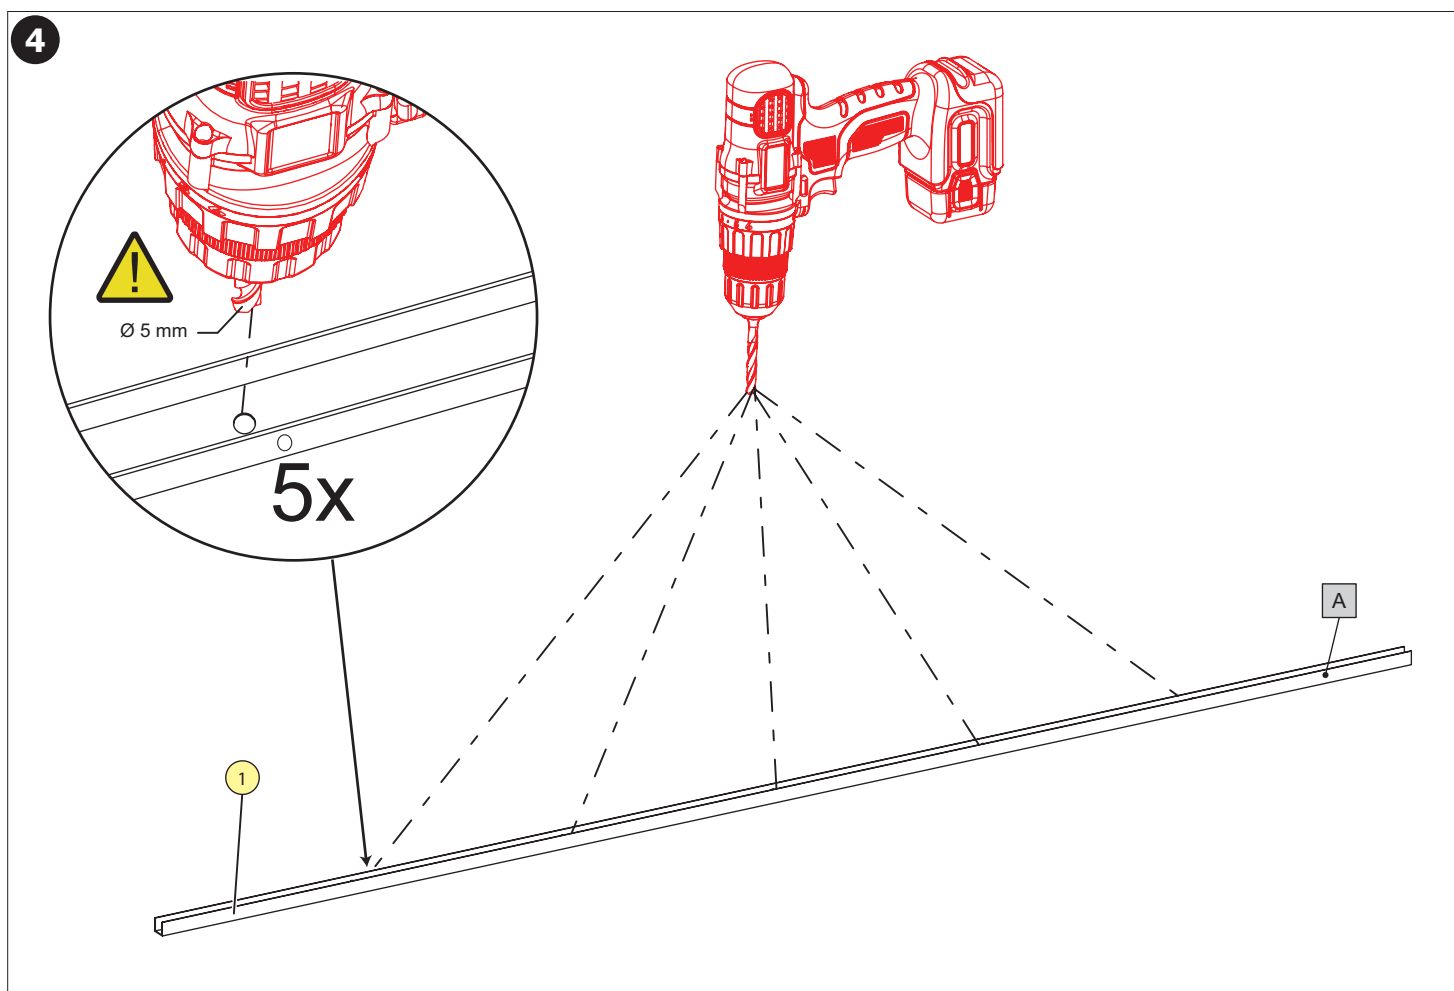

LT – Prieš montavimą būtina atidžiai susipažinti su pridėtomis saugos instrukcijomis.

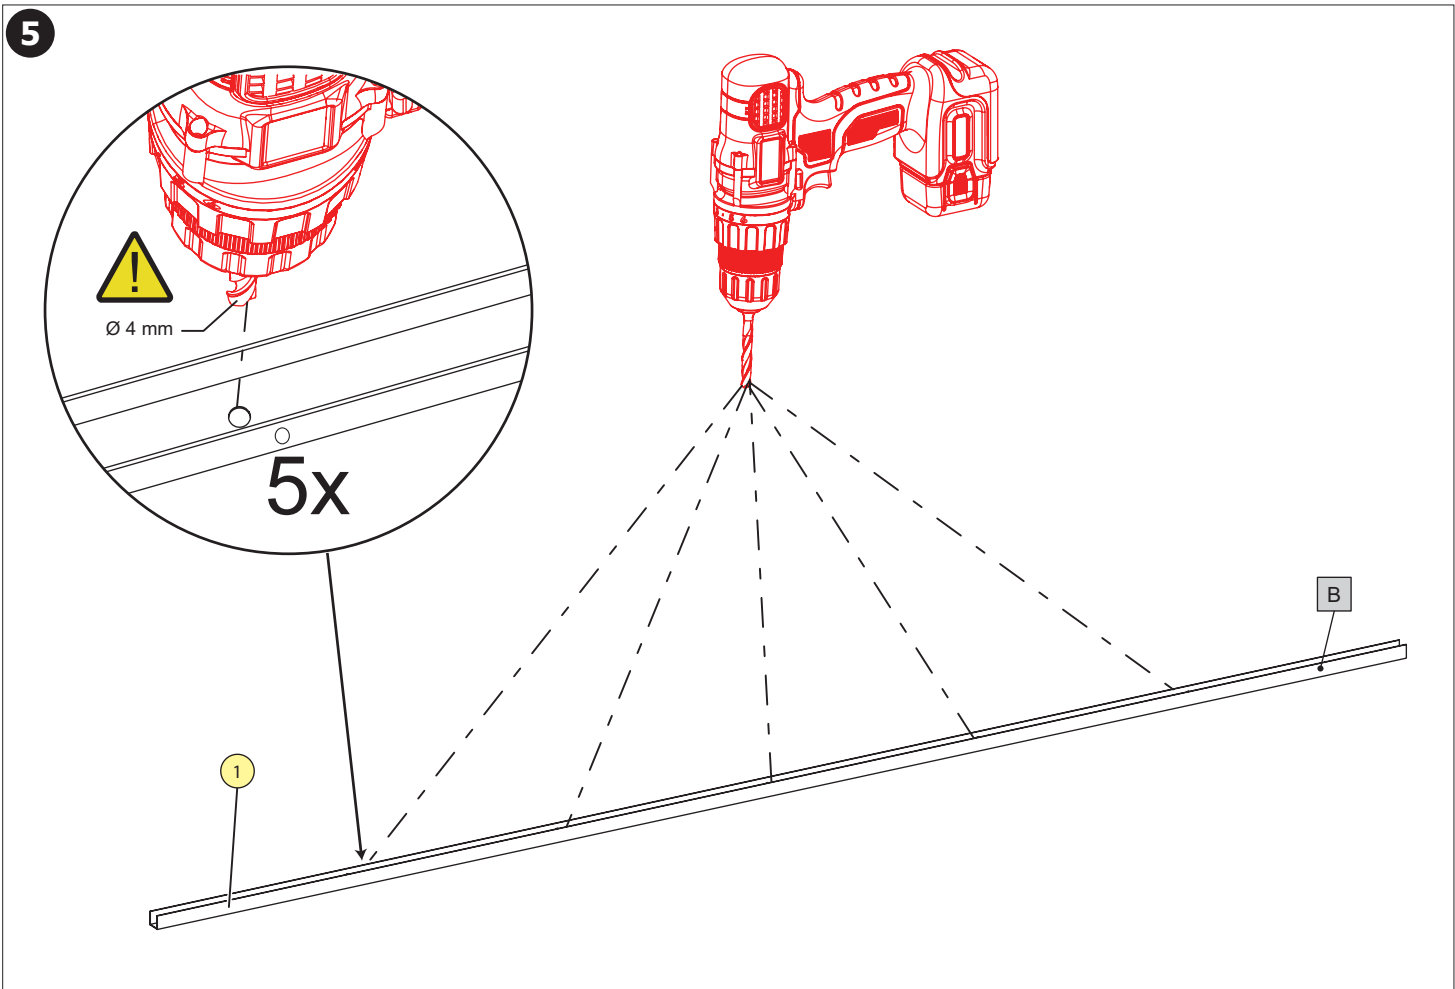

HU – A telepítés előtt elengedhetetlen, hogy alaposan megismerkedjen a mellékelt biztonsági utasításokkal.

Rozdělení profilu / Profile segmentation: **A** → stěnový profil / wall profile
